Objective

To leverage my organizational, interpersonal, and technical skillset to contribute to a dynamic team of professionals while continuously innovating through the use of AI and automation to improve efficiency for myself, colleagues, and clients.

Key Qualifications

- Innovative problem-solver with a creative approach to AI, automation, and API integration
- Experienced in working with documents and automation for over a decade
- Excellent interpersonal skills with colleagues, superiors, and subordinates
- Proven ability to build and maintain client relationships
- Ability to perform under strict deadlines without direct supervision
- Success in engaging with both technical and business users
- Recognized thought leader in identifying product gaps and driving roadmap priorities
- Proven success representing Adobe at major industry events like Dreamforce
- Well-versed in Adobe Creative Suite, with hands-on experience in automating tasks using APIs including participation in DME hackathons

Experience

Senior Solutions Consultant – Digital Media, Adobe Inc.

August 2014 – Present; San Jose, California; Remote - Utah

Major Responsibilities

- Engage with Enterprise C-Suite, Business owners, and technical resources in sales opportunities
- Engage at a deep technical level with customers integrating APIs and pre-built integrations
- Design, build, and implement customizations interfacing with Adobe Sign
- Scope and fulfill Adobe Sign professional services engagements

Major Accomplishments

- Recognized for selling the first Agreement Experience (AGX) opportunity across multiple business units (Cushman & Wakefield)
- Awarded 2022 Q3 SC of the Quarter for leadership and thought leadership in identifying key feature gaps
- Represented Adobe at Dreamforce, demonstrating and evangelizing Adobe products within the Salesforce ecosystem
- Contributed to over \$27M in new ASV since 2018 with notable engagements including Amazon, Facebook, AT&T, Tesla, Toyota, Johnson & Johnson, HCA, Eli Lilly, Cigna, UPMC, Elevance, Humana, Emerson Electric, and Cushman & Wakefield
- Championed the inclusion of SMS delivery for agreements, resulting in its addition to the roadmap and eventual go-live
- Modified AGX demo collateral for Dreamforce demonstrations and provided troubleshooting and guidance to internal Adobe Salesforce teams
- Implemented multiple custom projects with aggressive timelines
- Consistently closed seven-figure competitive opportunities
- Created successful proofs of concept for enterprise prospects
- Closed the largest opportunities in Adobe Sign history
- Peer-nominated and recognized multiple times as Solution Consultant of the Quarter
- Designed, built, and deployed an automated account handoff process improving efficiency
